

MSS Wine Transportation Service

Your customer's wine collection is special - perhaps even irreplaceable. Wine and champagne are more fragile and susceptible to damage from climatic variations than virtually any other collectible item.

Whether your customer needs to move thousands of bottles or a single case, lives in a major city or hundreds of miles from one, MSS has the experience.

- » Next day and 2nd day delivery available
- » No minimum quantities
- » Pick-up and delivery inside the residence
- » Assistance with packing/unpacking of cases
- » Safe, reliable transportation on climate controlled vehicles
- » Climate controlled storage, long term or short term
- » All wine cases are shrink wrapped and palletized for safety
- » We provide custom solutions and personal attention
